Why Work with Us?

Aon's benefits plan is

- Flexible enough to attract and retain employees
- Simple to administer
- Affordable and competitive over the long term
- Group Plan for home and auto-discounted rates for members

How Aon Makes an Impact

Most programs include general products and services. As Canada's leading insurance and bonding broker, Aon has more than 140 dedicated construction experts across the country. Under Aon's program, MCA Canada members will benefit from additional enhancements at very competitive rates, including:

- Dedicated insurance claims adjusting
- Contract reviews
- Bonding relationships with all surety companies in Canada
- Public private partnerships or alternative financed projects expertise
- International support
- Group health benefits
- Key man insurance
- Critical illness
- Travel insurance

Partnering with Aon makes sense. Their products and services provide much better coverage, and being the largest insurance solutions, bonding broker and employee benefits supplier in Canada made them an easy choice to recommend to our members."

Richard McKeagan
Chief Executive Officer
MCA Canada

As the largest insurance broker in the world, Aon was able to provide a fully customized insurance program for our company, with significantly broader coverage for a lot less money. Aon's relationship with my bond company will only help to enhance the support and service I get going forward. What more could we ask for?"
